Hunting and fishing.

STATEMENT:
For 29 years Paul Seaton has been actively involved in our Kenai Peninsula communities. As your Representative he works hard for an Alaska that values **fiscal responsibility, quality education, improved health care, responsible resource development, and accountable government.**

Paul responded to the needs of Alaska's students for quality education by finding answers to funding problems that enjoyed bipartisan support. He is active in initiating needed changes in the outdated foundation formula. Paul improved the safety and accessibility of health care in Alaska by sponsoring two important bills. The first enables retired health care professionals to donate their time, the second requires new drug labeling regulations to prevent dangerous overdosing.

Paul works hard to ensure resource development is responsive to our communities. He forged coalitions and negotiated compromise in order to eliminate the Shallow Natural Gas lease program and provide early termination of the leases in Homer.

Paul aggressively promotes open and accountable government and was recipient of the non-partisan "Defender of Democracy" award for his efforts. He supported the Ethics Bill that limited closed caucuses and led to an increase in open meetings. Paul Seaton listens to all voices and responds to your concerns through his weekly email newsletter, regularly scheduled teleconferences, and being accessible to you in Juneau and at home.
